PENDING MEMBERSHIP POLICY

As stated on your application for membership, it itemizes the requirements of your membership probation period, a copy of which you signed for and received upon submitting.

It has been incorporated as club policy that if you do not show involvement to help with set-up, take-down, demonstrations, trial and tournaments during your 6 month probation without prior notice of reason, your application will be reviewed and possibly not be approved for membership. Our club is run by the members and we need all the members to be committed in helping out with all aspects of our club.

If you cannot help out during regular club nights with set-up, take-down or instructing/helping with classes, or at the many demonstrations or the club trial and tournament, we ask that you supply notice to one of the executive the reason so we can evaluate your application appropriately. If you have a legitimate reason why you cannot help, it is best to let us know in advance. There are many things that need doing throughout the year and we need volunteers for all of them. If you do not understand anything that is required of you please feel free to speak with your sponsor or any member of the executive.

In order to monitor your commitment there is a sign-in booklet on the table each club night for pending members, please make it your duty to sign-in and mark if you helped with set-up or take-down that particular evening. While during your probation period there will be a \$2.50 fee, and if approved for full membership, the total will go towards the following years' membership dues.

With much appreciation of your support and commitment;
The Directors of MFAC
